Industries Served

CDI specializes in the design, manufacture, and distribution of active, passive and electro mechanical products. CDI services to customers in many different industries.

Department of Defense

Commercial & Industrial

Robotics & Transportation

Medical Equipment

Harsh Environment

Entertainment, Sound & Lighting

Rail & Transit

CDI offers reverse engineering, redesign and retrofit services for sole source and obsolete products as a cost-effective solution for your organization. With over 30 years of proven success, CDI has DOD experience, a quick production response and unsurpassed quality control. As a woman-owned small business, CDI can help you fulfill minority contractor requirements without compromising the quality of your deliveries on DOD contracts.
